
HOW TO...

Register with the practice

Our registration process is straightforward, but there are a couple of things we need you to provide. These are;

- **ID**—Photographic ID is preferable, but a birth certificate will also do.
- **Proof of address**—This could be a utility bill or a letter addressed to you.
- **You need to live in our catchment area**—We cover a large surrounding area, but if you live outside this area then we are unable to register you. You can view our catchment area on the reverse page.

How to register

All you need to do to register is bring your ID and proof of address to the reception desk and complete a short form. We do ask that you complete the form while you are at the practice.

Registering takes up to 48 hours to process, but after that you will be fully registered with us.

Registering on behalf of someone else

You can complete the registration forms on behalf of someone else— for example, if you are a parent registering your children. However, we do need to see the person you are registering, and we do need to see ID for them as well.
